

# SATO Integrated Solutions Division offering...

**SATO ISD offers “Full Turn Key Systems for Barcode, RFID, Software, Labels & Tags, Data Collection, Service, Sales & Support Worldwide” backed by a global footprint that covers 33 countries.**

## **RFID - Global Supply Chain Visibility**

The retail industry has been challenged with ever changing customer demand, styles and seasonality and the need to boost top-line growth through expansion. With a Supply Chain strategy, a retailer will take on additional responsibility across the supply chain. That is where we come in - *Ask about Total Supply Chain Solutions*

## **RFID Tags/Labels**

SATO has over 32 branches worldwide manufacturing RFID tags and labels. SATO branches are set up to handle EDI, XML and other forms of data and only SATO can offer this service locally where the apparel is manufactured. Services include: SATO manufactures finish tags/labels and delivers/ships to customer; SATO installs software, hardware and provides training if customer wishes to print the tags/labels in-house.
